

# BLUETOOTH EYE MASK WITH BUILT-IN SPEAKERS

KABLUEYMSKA

# OPERATION

## Bluetooth Earphones On/Off

### Power On

Long press the PLAY/STOP button until the indicator light flashes red and blue. This signifies that the earphones are now in pairing mode and will search for nearby Bluetooth devices to request pairing with. If the earphones have been previously paired with a Bluetooth device, the indicator will only flash blue.

### Power Off

Long press the PLAY/STOP button to turn off earphone mode. A notification sound will be heard.

## Bluetooth Pairing

To pair the earphones for the first time, long press the PLAY/STOP for 2 sec to enter pairing mode (red and blue lights will flash).

Locate the device BT-01 in your phone's Bluetooth device list.

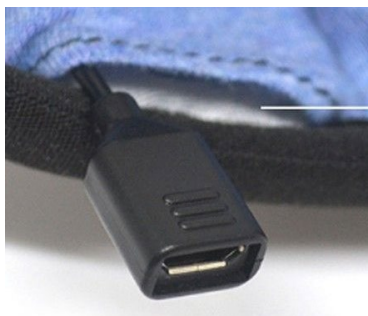

A blue light will flash slowly when the connection has been successfully completed, and your Bluetooth device will show an active Bluetooth connection.

## Bluetooth Hands-free

- Click play/pause to play music, click it again and the music will stop.
- Double click play/pause to turn on Siri, double click it again and Siri will turn off.
- Press and hold the volume decrease button for 2 seconds to decrease volume.
- Press and hold the volume increase button for 2 seconds to increase volume.
- Click the volume increase/decrease button to go to the next/previous song.

## Charging

Connect a Micro USB cable to a USB charger (or a USB port on a computer), and the other end to the device port as indicated below.

During charging, the LED indicator on the right of the device will be a constant red, and it will turn off when the battery is fully charged.

## Bluetooth Version

If your mobile phone or other Bluetooth audio device is not equipped with the AVRCP function, the earphone's NEXT/PREVIOUS song and PLAY/STOP commands will not pass to the device when pressed. Check to see if a software update is available for your audio device.
