

CONVERTIBLE WIRELESS FAST CHARGER (WHITE)

KACVWCHGWTA

SAFETY & WARNINGS

- Always use the product with a good-quality adaptor that supports fast charging (5V/2A, 9V/1.67A)
- Keep this product out of reach of children.
- Do not use the product in an enclosed space, such as in a drawer.
- Do not attempt disassemble, modify or repair the product.
- Do not place the product into or near fire or water. Do not place metal parts on the wireless charger.
- Avoid impact to the product. Repeated impact may cause internal failure.

OVERVIEW

Part List

- | | | | |
|---|---------------------|---|-------------------------|
| ① | PCB mainboard | ② | Charging coil |
| ③ | LED indicator | ④ | USB input (100mm cable) |
| ⑤ | Silicon pad | ⑥ | Tilting metal stand |
| ⑦ | Damping Metal Rotor | | |

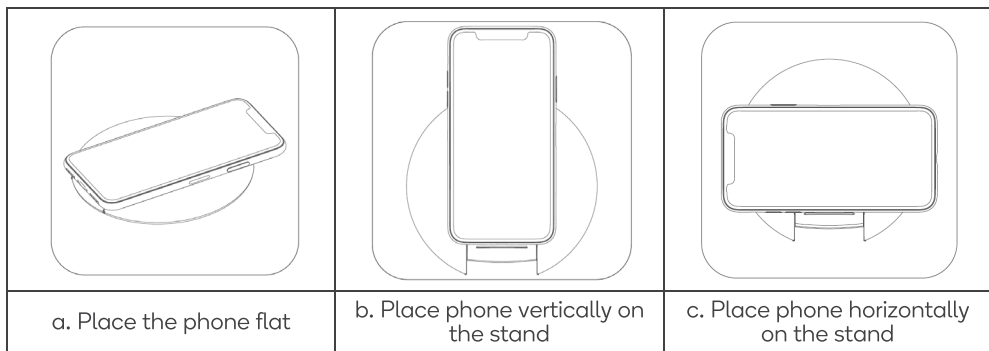

OPERATION

Connecting and charging

1. Connect the built-in cable to a compatible USB power adaptor. The indicator light on the charger will flash green when power is successfully connected.
2. Place the mobile device to be charged on the centre of wireless charger. The indicator light will illuminate green if a charging connection has been made. Check the charging status on the mobile device to confirm. If the indicator illuminates in red, readjust the mobile device so that it is centred on the charging pad.
3. Once the mobile device is fully charged, the indicator light will illuminate both red and green.

Notes

- To ensure that the product can charge the mobile device, remove any cases from the device that have a thickness greater than 3mm.
- To save power, disconnect the cable from the power adaptor when no device is charging.
- Remove the mobile device when it is fully charged.
- The mobile device can be placed in different orientations on the product, as shown in the images below:

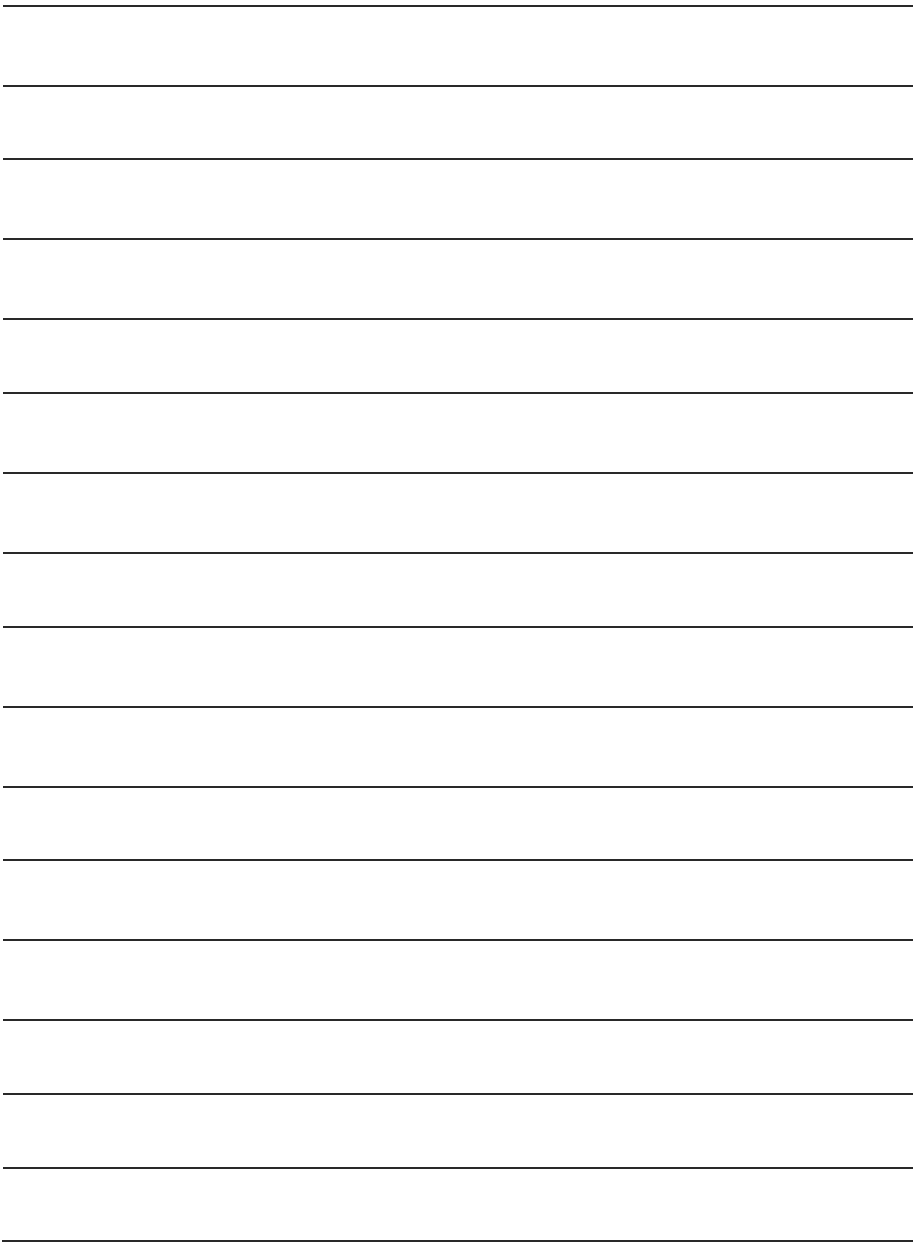

SPECIFICATIONS

Input	DC 5V
Rated power	10W
Size	125 x 125 x 9mm
Weight	196g

IN THE BOX

- Wireless charger
