

DUAL 4K 30HZ HDMI TYPE-C HUB PRO

KATCHBDL4KA

OVERVIEW

- | | | |
|--------------------------------------|----------------------------------|---|
| 1 USB-C Power Delivery (PD) | 5 DisplayPort output port | 9 LED indicator |
| 2 microSD card slot | 6 HDMI output ports (x2) | 10 Audio 3.5mm jack (headphone and microphone) |
| 3 SD card slot | 7 USB-C port (Data only) | 11 Ethernet port (RJ-45) |
| 4 USB 3.0 (type A) ports (x3) | 8 USB-C laptop connection | |

| | |
|--------------------------------------|--|
| HDMI output port | Up to 4K @ 30Hz, 2K @ 60Hz or 2K / 1080p / 720p / 480p / 360p |
| Ethernet (RJ-45 port) | Support 10/100/1000 MBps |
| USB 3.0 Type-A port | Data transfer up to 5GBps |
| SD/TF card slot | Supported memory card capacity up to 512GB. Read/write speed up to 104MB/S |
| USB Type-C PD charging port | 100W of power delivery (Only for laptop charging); Support power up to 100W |
| USB Type-C type C data transfer port | The data transfer speed up to 5Gbps. |
| DisplayPort | DP++1.4 version, up to 7680x4320 @ 60Hz |
| Audio 3.5mm port | Microphone in, audio out (headphones or line out to external speakers) |
| System requirements | <ul style="list-style-type: none"> • Laptop with USB-C port • Chrome, Linux, Windows 10 / 8.x / 7 / Vista / XP, macOS v10.6 or above operating systems |
| Plug-and-play | Yes |

OPERATION

Plug one end of the supplied USB-C-to-USB-C cable into the Laptop Connection port of the hub (7), and the other end into the USB-C port of your laptop.

1. **USB-C Power Delivery:** Power USB-C laptops that support USB Power Delivery (PD) while the hub is in use.
2. **SD/microSD Card Reader:** Insert your memory card into the SD/ microSD card slot to directly access files stored in the SD/ microSD card on your USB-C laptop. SD/ microSD memory cards can be used on the hub simultaneously.
3. **USB 3.0 Data Transfer:** Connect your laptop to a smartphone, tablet, hard drive or other USB peripheral via USB 3.0 Type-A ports and transfer data between your laptop and connected devices.
4. **DisplayPort output port:** Connect your monitor with a DP cable via the DP output port.
5. **HDMI Output port:** Connect your laptop to an HDTV or projector with an HDMI cable via the HDMI output port and watch videos from your USB-C laptop on your TV or other HDMI-enabled devices.
6. **USB-C data transfer:** Connect your device with type C port and then the information can transfer directly.
7. **3.5mm audio port:** Plug your wired earphone/headphone into the 3.5mm audio port. Microphone (in) and audio (out) capabilities.
8. **RJ-45 Ethernet port:** Connect the hub to an Ethernet network cable via the RJ-45 Ethernet port for internet connectivity.

If you connect to computers with a Windows system, the GPU should support MST.

Type-C port supports DP 1.4

Notes:

1. One hub, one pair of hub stands, and one USB-C to USB-C cable included.
2. For best performance, devices connected to this hub should not exceed the total current of 900mA maximum when no power source is connected to the hub. Otherwise, output current may become unstable or disconnected. Connect a power adapter to the hub (USB-C DP) when using high-power devices.
3. The USB-C female port of this product is only for charging USB-C laptops whose USB-C port supports USB Power Delivery (PD). The USB-C female port of this product does not support data transfer.
4. A 4K-capable display and a 4K-capable HDMI cable are required to achieve 4K resolution.

Tips

4 ways to help reduce possible USB 3.0 radio frequency interference to the wireless connection of some laptops:

- Connect the laptop to a 5GHz Wi-Fi network.
- Connect devices (e.g. mouse and keyboard) to USB 2.0 ports on the laptop.
- Connect the USB 3.0 hub to the laptop with a high-quality 1-foot or longer USB 3.0 extension cable; keep USB 3.0 devices away from the host computer.
- Use high-quality shielded USB 3.0 devices / cables / connectors.

SPECIFICATIONS

| | |
|-----------|--|
| Material | Aluminium alloy, ABS |
| Interface | HDMI output port x 2 Ethernet port (RJ-45 port) x 1 USB 3.0 Type-A port x 3 SD card slot x 1 microSD card slot x 1 USB Type-C laptop port x 1 USB Type-C data port x 1 USB Type-C Power Delivery x 1 DisplayPort output port x 1 Audio 3.5mm port x 1 |
| Connector | USB Type-C (laptop port) |

IN THE BOX

- USB Type-C Hub
- USB-C to USB-C Cable
- Hub stands (one pair)
